HELPING OTHERS PREPARE EFFECTIVELY

Clearing for HOPE Center—Bajos de Haina, Dominican Republic

WWW.CTCNETWORK.ORG

Our Strategy begins with The 5RCircle Process Weekend.

The Objectives of the Weekend Seminar are as follows:

- To explain the value of understanding shifts and challenges in your vision
- To help you see the importance of, and a commitment to, the development of a *complete* vision for your life or organization
- To provide a format for you to use the 5RCircle Process in the development or revision of your complete vision

Here is the developmental process that will be used in building your vision:

- *Recap your History*
- *Recognize your shifts in Vision*
- *Rework your Challenges*
- *Rewrite your Vision*
- *Redesign your Hinge Statements*

After The 5RCircle Process Weekend, we will consult with you to design and implement a coaching and training plan.

HOPE Initiative — How it Works!

Vision

By 2030, our vision is to accomplish the following: (1) Drastically reduce poverty in targeted areas of The Bahamas and the Dominican Republic. (2) Provide ways and means for sustainable self-stability for individuals, families, and communities. (3) Develop emerging biblical servant leaders and social entrepreneurs for ongoing community development and transformation.

Mission

Phase One of our vision is to empower the underprivileged to break the cycle of poverty and apathy through the vehicles of economics, and biblical leadership training and mentoring. This not only transforms individuals and families but complete communities.

Unique Value Proposition

Our CTC Network USA programs give individuals, families, and communities opportunities to embrace a hand-up and not simply another short lived hand-out. Our initiatives help restore dignity by uniting communities through commerce, education, and social development programs. We take our programs not only to urban areas, but also rural and often remote communities rich in human and natural resources, which gives hope for real change in the present and well into the future.

Jonathan's Personal Strategic Philanthropy Policy

I feel strongly about helping causes related to faith and education, especially those that directly address the needs of clergy and people of other countries who need help with fulfillment of purpose and personal empowerment to change. I envision fulfilling my strategic philanthropic goals with faith based ministries that are multi-disciplinary, visionary in nature, and whose areas of influence are regional in scope.
